IN PRESIDENT

Senator Bailey Finds Mixture of Good and Bad.

Found Union of States; Leaves a Nation.

In the speech on the Aldrich bill Senator Bailey spoke with vigor. He paid his respects to the President, as the following excerpts will show:

"The President has demanded only that the railroads of this country should be required to deal justly with people, and he has evinced no disposition to harass or oppress them.

"He has done more to change the character and the structure of this Government than all of his predecessors combined. He has frequently exhibited a supreme indifference to the Constitution of his country, and has pursued what has seemed to me a deliberate plan to impair the rights of the State and to concentrate all power in the Federal Government.

"It was the boast of Augustus Caesar that he found Rome of brick and left it of marble. President Roosevelt can hereafter say that he found this a union of sovereign States and left it one vast Nation.

"The good he has done in arousing public attention to certain evils of corporate management will give him an enviable place in the history of his time; but the harm he has done in dwarfing the States and exalting the General Government cannot be measured.

"We have never before witnessed such a mixture of good and evil in any public man. Before we have finished praising him for some wise recommendation he makes another so foolish that our praise must turn to censure. He is just as rash as he is brave. He is just as arbitrary as he is honest.

"If he were much better he would be a Democrat, and if he were a little worse he would not obscure and confuse the great issues between the Democrats and their adversaries."

PRESS DEPARTMENT

National Woman Suffrage Association, Warren, Ohio.

The following resolution was adopted by the Indiana State Dairy Association a few days ago:

Whereas, in the development of the resources of the Middle West, women have borne equal burdens with men, and

Whereas, in the industry for which this Association stands, women represent an equal share of its labor, and

Whereas, in our State University the Dairy courses are shared equally by men and women, therefore, be it

Resolved, That the State Dairy Association, in convention assembled, endorses the movement for equal political rights for women, and hereby urges the State Legislature at its next session to adopt a resolution requesting the Congress of the United States to submit to the various State Legislatures for ratification an amendment to the United States Constitution prohibiting disfranchisement on account of sex.

To Keep Anarchists Out.

In Chicago Mayor Busse and the heads of the local police department decided to take steps for the establishment of a municipal alien bureau. Its purpose will be to prevent anarchists from coming to Chicago and it will work in conjunction with the Federal immigration authorities.

OPENS CAMPAIGN.

Hoke Smith Attacks Railroads and Liquor Men.

Gov. Hoke Smith opened his campaign for re-election as Governor of Georgia. Referring to the franchise act, he said:

"Under our new law, when ratified, the State will be freed of danger at the ballot box from that class of citizens who, unable to govern themselves, are utterly unfit to provide for the government of others. For generations to come, white supremacy will be preserved in Georgia without the necessity for intimidation or violence.

"I have no doubt that there has been a combination in Georgia between railroad interests and the Liquor Dealers' Association, which put up the money for candidates for House of Representatives and Senate.

"The press dispatches say that the Brewers' Association has recently raised \$1,000,000 to spend in the South to control elections. Georgia was named as one of the States.

"I urge legislation which will make it a crime for any of these interests to contribute money to politics in Georgia."

Order of Deportation--Man's Benefit in Anarchistic Theories.

The recent activity after death of Father Leo in Denver and the attempt upon the life of Police Chief Shippy, of Chicago, is bearing fruit. The special board of inquiry at Ellis Island, New York, ordered that Abraham Boschee, 23 years old, an immigrant from St. Petersburg, be deported. Boschee, while under examination, admitted belief in anarchistic theories and an order was at once issued that he be sent back to Europe.

After Newport Poolrooms.

"Poolrooms cannot exist for any period of time, except through a system of corruption and the willful neglect of your public officials to perform their duties," declared Judge Youngblut in his charge to the grand jury.

AN OPEN LETTER

To the People of Mt. Sterling

To Whom It May Concern: Of late there has been a good deal of discussion in Mt. Sterling in regard to advertised medicines, and their value—the papers are full of them.

We want to say to every man, woman and child in Mt. Sterling that we believe the most valuable preparation of cod liver oil—the best tonic, restorer, health and strength creator—we have ever sold in our store is Vinol.

Vinol is not a patent medicine, it contains no injurious drugs, but it actually does contain all of the medicinal, curative elements taken from fresh cods' livers, without a drop of the useless oil to upset the stomach and retard its work, and tonic iron added.

Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles. We ask the people of Mt. Sterling to try Vinol on our offer to return money if it fails. Wm. S. Lloyd Druggist.

Mail Order Business Enemy of Lumber Dealers.

C. W. Roark, of Greenville, is the president of the Tristate Retail Lumber Dealers' Association. The Tristate Association, which is composed of retail lumber dealers of Kentucky, Indiana and Illinois, is patterned on the order of the Kentucky association, one of its chief objects being to work against the mail order business of the West.

Drunkennes at Home All Right.

In the Police Court at Lexington Judge Riley decided that a man has a right to get drunk in his own house and also to carry concealed weapons on his own premises. The decision was given in the case of William Hutch. When he was arrested at his home by Policeman Langston Hutch was very drunk and pulled a pistol from his pocket and threw it on the bed. On both of these charges Judge Riley held him guiltyless.

Yes, really I did intend to pay my subscription, but I forgot. No, I'll take that back and tell the truth—I did not forget.

REPUDIATES IDEA

OF WEARING MAIL.

Col. Jack Chinn Would as Soon Stab a Man in The Back.

Col. Jack Chinn, known all over the United States as a breeder of fast thoroughbreds, received the following letter:

St. Louis Post Dispatch, March 6, 1903.—Dear Sir: Kindly send me the name and address of the Cincinnati hardware firm who manufactured a bullet and knife-proof mail shirt. I understand you used one of these shirts and wrote a testimonial in its favor, which the firm afterward published. If this is true, kindly mail the firm's name and address as soon as possible, and oblige, sincerely, Andrew E. Murphy.

Sunday Editor.

Col. Chinn is now a member of the Kentucky Senate. He replied: Frankfort, Ky., March 9, 1903.—Editor of the Post Dispatch, St. Louis.—Dear Sir: Somebody must have been handing you a dream from a Chinaman's pipe.

"Mail shirt," did you say? Me wear a mailed shirt, when I care the dove of peace, twine feathers in my hair and start from my wigwag in search of blood. You don't know your man. I would just as soon shoot from ambush or knife a foe in the back as to conceal myself in a mailed shirt when I had a score to settle. Alleged knights in fairy story books did that sort of thing, and a few cowards in this more material age might resort to it, but no Kentuckian ever shamed his ancestors or sullied the reputation of this State with so mean a safeguard.

There was a time, when the blood curdled lustily in my veins that I would fight at the drop of a hat, and drop it myself, when I would hunt for trouble, and celebrate when I found it; but I always battled in the open, with the weapon nature gave me and with due warning to the other fellow.

"Mail shirt," forsooth! The filly-livered cur that would wear one of those devices of the devil ought to be rammed into a 13-inch gun and shot far out to sea. As for knives, I have three of them. One I use for slicing watermelons down on the farm; another I use for a toothpick when the splinters are exhausted; the third I employ for cutting sovereign buttons off the coats of benighted individuals who insist on making me break my vow that I would never again resort to a personal conflict to settle a difference of opinion. All my diversions are now submitted to The Hague conference. Yours for peace.

W. S. Lloyd Successful.

After a great deal of effort and correspondence W. S. Lloyd, the popular druggist, has succeeded in getting the Dr. Howard Co. in making special half price introductory offer on the regular fifty-cent size of their celebrated specific for the cure of constipation and dyspepsia.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that W. S. Lloyd is willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific that W. S. Lloyd has been able to secure only a limited supply and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half-price offer with his personal guarantee to refund the money if it does not cure.

Negroes Warned.

The town marshal, obeying the instructions in a letter signed "Vigilance Committee," has warned several negroes to leave Calhoun, McLean county.

Cures Fine Turkeys.

Mrs. H. A. Sutter, Stephensburg, Ky., says: "Your Bourbon Poultry Cure is alright. I had a fine turkey so sick with cholera she could not eat and it cured her. I also cured my chickens of gapes with it." Sold and guaranteed by W. S. Lloyd, druggists, Mt. Sterling, Ky.

Special price on can peaches. Thompson & Carrington.

TAKING CENSUS.

Will Visit All Penal, Reformatory and Charitable Institutions.

Creeuz Vance, United States Immigrant Inspector, is in Louisville taking a census of all the penal, reformatory and charitable institutions, both private and public, for the Department of Commerce and Labor. Mr. Vance has Kentucky as his territory. 1,250,000 immigrants came to the United States during the last fiscal year.

Jury Discharged in Abner Mar-der Trial.

The jurors in the trial of John Abner on the murder of James Cockrell were unable to agree and were discharged by Judge Holt. Judge Adams granted a continuance to Beach Hargis after his attorneys made affidavit that they were ill and unable to proceed with the trial.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child fell into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y. 34-4

Prohibition Defeated.

Constitutional prohibition was defeated in the Mississippi Senate on Wednesday by a vote of twenty-one ayes and nineteen nays, a majority of three-fifths being required.

SOME NEW SPRING SUITS ARE SHOWN FOR FIRST TIME

Just arrived, fresh from a famous New York tailoring establishment—a dashing assortment of new Spring Suits. Their presence is a pleasing respite from the sombre colored and heavy garments of Winter. A sight of them is as refreshing as a Spring breeze.

We are not going to describe them in detail. Suffice to say—they are made in the smartest of the newest Spring styles, and each is a masterpiece of the tailoring art.

You've heard and read a lot about what is to be fashionable for Spring wear—but now is your first opportunity to see the most favored Suit modes. And the viewing will afford you much pleasure.

We are preparing for another record-breaking season in this department. Again we expect to round up a selling which through volume of sales will make up for the small profit margins we mark our Suits at.

YES, TO YOU.

The U. S. Postoffice Department has made a new ruling, requiring all publishers of newspapers to exact the pay in advance for all subscribers whose papers are carried in the mails at the second-class rate, or one cent per pound. Otherwise the postage rate would be prohibitory. All publishers are given a limited time in which to adjust their subscription list to the new ruling. Therefore all our subscribers are requested to at once pay up in advance, else when the time limit expires we shall be compelled to stop sending the paper except to those who have paid in advance.

COUNTY UNIT BILL.

The Legislature adjourned last night. With it died the County Unit Bill in the hands of a hostile Democratic Committee on Rules. In 96 counties the will of a majority, already expressed in law, together with earnest solicitations of thousands of Republicans and Democrats in other of the 119 counties has fallen on deaf ears. A white key minority with balance of power has been master of the situation. They have protected the whiskey interests. We had hoped to be able to report that even on last day this important measure (passed by a very large vote in the House) would be adopted by the Senate. As we go to press late on Tuesday no favorable tidings come. Other important measures have been advanced at the expense of this bill. We are convinced that the vast majority of our State have hoped for and even now urge the adoption of a uniform county unit bill. We hope that Gov. Willson will at advantageous time call an extra session of the Legislature exclusively for the passage of such a bill. By so doing he will do great service for his State, especially when the measure becomes a law; will put to shame those who have questioned his sincerity; and will greatly advance the moral, intellectual, social and financial interests of Kentucky.

CHICKENS.

The Lexington Herald in an editorial advocates that owners of chickens should not allow them to destroy flower and vegetable gardens belonging to neighbors. Keep them on your own premises is his advice. He asks City Council to pass an ordinance prohibiting chickens running at large.

This is especially desirable during the season when so much damage is done to gardens and flower beds.

Our citizens will take note.

Circuit Judges must be satisfied with present salary of \$3,000. The bill for increase lost by a vote of 25 to 58.

The warring elements, those dissatisfied with present conditions, and sufferers from dyspepsia, should read "Summer Cook."

COUNTY UNIT BILL.

Ex-Governor Beckham in a banquet speech at Frankfort on Thursday night urged upon Democratic Senators the passage of the County Unit Bill during the closing days of the session which closed yesterday. We hope Governor Willson will call an extra session of the Legislature to consider such a bill.

SENTENCED TO PENITENTIARY.

A contractor and three Pennsylvania State officials have been convicted of stealing. They are: John Sanders, a contractor; William P. Snyder, former Auditor General; W. L. Mathews, former State Treasurer, and James M. Shumaker, former Superintendent of Public Buildings and Grounds. The maximum penalty for each defendant in this case is two years imprisonment and \$1,000 fine. They were convicted of defrauding the State of about \$3,000,000 in building the new State Capitol. They deserve severe punishment than is meted out to an illiterate, ignorant and poor white or negro man for stealing corn, chickens or hogs.

This is a time for self-control, cautious speech, regard for the rights and interests of our neighbors. Love should guide us. The strong should bear the burdens of the weak. It is not always wise or best for men to demand or strive for their privileges and rights; it is not wise or charitable for men to trample under foot just rights of others. Why should any man or men go forth to destroy and kill? A man has a right to raise on his farm anything he wishes; circumstances may be and often are such that he can well afford to waive that right in times of great excitement and for the the greatest good. Threatening conditions exist in our county. ALL growers of tobacco, all purchasers of tobacco should stop rather than plunge our county into strife and bloodshed.

Public Speaking.

On Monday the Court House was packed with men to hear Mr. Smith Hays, lawyer of Winchester, and James Kehoe, of Maysville, speak in behalf of the "no crop for 1908" and other Equity interests. Mr. Kehoe missed his train at Paris and drove over. Mr. Hays spoke first.

Major Burchett, who introduced the first speaker, is an independent grower of tobacco and for two years has sold his crop at a good price, made possible by the Society of Equity. In order to help his neighbors who have pooled their crops, he intends to raise no crop this year. He wants peace and brotherly love, obedience to law. He and other right thinking men can not encourage violence. Much could be accomplished for peace if men would curb the evil that demands recognition.

TOBACCO BARN FIRED.

Flames Extinguished in Time to Save It.

Judge Lewis Apperson, of this city, recently built a new tobacco barn on his farm near Sideview. On Monday morning about 4 o'clock B. F. Mark, on adjoining farm, saw a blaze on one corner of the barn. He and others arrived in time to save the building except the burning of one corner. Three quarts and one pint bottles of coal oil had been poured on the building in two places inside, but as the oak timber was green, not thoroughly seasoned, the fire made slow progress; in fact the fire had died out in one place. The men who had come to the rescue were able to save the building before flames reached the roof. Telephone wires in the neighborhood had been cut. Judge Apperson was notified and sent Jailer Wilson with bloodhounds to the scene. No discovery was made.

Gov. Willson, at request of Judge Apperson, on Monday shipped to Jailer Wilson fifty guns and ammunition.

Turned Down.

Application was made to C. & O. officials for a special train one trip from Lexington to this city to accommodate people who wished to go to Lexington to hear Rev. Scoville. They expected to go on regular trains and return at night on special, thus avoiding staying all night in Lexington. The chiefs declined to do business. Evidently they do not want to increase their business. They were asked to name their price for a special train, lowest rate.

Insects Cause of Advance Wheat.

The reported appearance in Kansas and Oklahoma of the Hessian fly and the "Green Bug" caused an advance of more than 1 cent in the price of wheat in Chicago on Friday. At the close May wheat was 3-4 to 7-8c higher. Corn was up 3-4 to 7-8c. Oats were 1-2 to 5-8c higher. The wheat market was strong all day. The strength of the market was based entirely on revived rumors of damage to the crop in the southwest by insects.

SPECIAL ANNOUNCEMENT

To the Ladies of Mt. Sterling and Vicinity.

As the local representative of Chas. A. Stevens & Bro., Chicago, I am prepared to furnish you with everything you may desire in woman's fine wearing apparel at popular prices. I am showing this season the newest and correct style in tailor-made suits, skirts and silk skirt waist suits, made to your special order from your own selection of material and lining; also a full line of ready-to-wear suits, coats, skirts, waists and other wearing apparel for women. A beautiful fashion plate, illustrating the styles and samples of material from which the garments are made, is at your disposal, and will be pleased to have you call and see them. We guarantee all garments to be entirely satisfactory and at the very lowest prices. ANNA J. LYLE.

RELIGIOUS

The gospel is a power of God through which salvation comes. Preach it.

Rev. L. C. Kelley delivered a most excellent sermon at the Baptist Church on last Sunday evening.

The subject at St. Patrick's Church next Tuesday, March 24, will be "The Spanish Inquisition."

You will want to hear Mr. Vaughn on "The Great Awakening" Friday night at the Methodist Church.

On Sunday morning the third week of the Scoville meeting began. Up to then there had been 240 additions in Lexington.

S. R. Hawkins, representing the American Christian Missionary Society, will be at the Christian Church to-night. All are invited. He will tell of work accomplished and planned.

Rev. E. L. Southgate, presiding elder, will hold Quarterly Conference at the Methodist Church on March 21 and 22. Saturday morning services and Love Feast at 10 and 11 o'clock.

The International Sunday School Convention is coming to Louisville June 18-25. At the County Sunday School Institute next Friday you will learn how to get the most out of this convention.

Let every person, pastor, superintendent, officer, pupil, parent, friend and others attend the Sunday School Institute at the Methodist Church, Friday March 20, at 10 a. m. No one can afford to miss it if possible to attend.

After 29 years of constant service as superintendent of the Mt. Sterling Baptist Sunday School, J. W. Hadden's resignation, which has been pending for six months (awaiting the action of a committee to select acceptable successor) was on Sunday accepted and Dr. W. R. Thompson was chosen, and John R. Blount to succeed Rev. J. R. Hobbs, as assistant superintendent. These gentlemen enter on duty next Sunday. The election of Mr. Blount will not prevent him from continuing as superintendent of the Howards Mill Sunday School.

At the Christian Church on Saturday afternoon Rev. L. C. Kelley spoke to a select few temperance advocates on the most important issue, giving the true statement of the position taken by the parties. At the close of Mr. Kelley's remarks a subscription was taken which goes to the expense fund, and it is hoped will amount to \$100. All persons desiring to contribute to this laudable purpose can hand the amount to Rev. T. Benton Hill, who will forward same to the committee. Much money is needed in carrying on the work and it is hoped the temperance advocates will show their faith by a general contribution to this expense fund.

MARRIAGES.

STEPHENS-LEE.

On Tuesday afternoon, March 10, 1908, in the County Clerk's office, Joseph H. Stephens, aged 16, and Miss Eva Lee, aged 16, both of the Kiddville neighborhood, were united in marriage by B. W. Trimble. The groom's mother is dead and the bride is an orphan. She has been in the family of James M. Hoskins.

THOMAS-CLAY.

On Wednesday night, March 11, 1908, in Covington, Mr. R. C. Thomas, of Paris, Ky., and Miss Elizabeth Clay, of our city, were united in marriage. The groom is the grandson of J. M. Thomas, deceased, and is wealthy. The bride is the daughter of Mat C. Clay, of our city, a young lady of attractive personality and pleasing manner, with many friends. They were accompanied to Covington by Mr. John Ireland, uncle of the groom, and Miss Laura Clay, both of Paris. Our best wishes attend them. Their home will be in Lexington, where he will engage in business with Mr. Ireland. The bride and groom spent Monday and Tuesday.

WALLACE-PENNEL.

Notice has been received of the marriage of Mr. Chas. W. Wallace, of Nishio, Mo., to Miss Cordie Pennel, of Seneca, Mo. Mr. Wallace stands very high in the esteem and estimation of all the business people of South West, Mo., and is a prominent young farmer. Miss Pennel is the eldest daughter of Mr. and Mrs. W. J. Pennel, and is one of Mt. Sterling's girls, having lived near here all of her life until five years ago, when she removed with her parents to Missouri. She is a niece of Mrs. Cordia Clark, of this place, and grand-daughter of Mr. and Mrs. M. C. Bailey, of Jackson, Ky., and has a host of friends here, having spent her school days here under her beloved teacher, Miss Rannie Burroughs. Mr. and Mrs. Wallace will farm near Grove, Okla.

COUNTY UNIT

BILL ALONE.

President Taylor urges Extra Session With no Other Question to Confuse the Issue.

Dr. H. K. Taylor, of Winchester, President of Kentucky Wesleyan College, sends the Lexington Leader, the following letter of commendation:

Winchester, Ky., March 9, '08.
Editor Leader:-- Apropos of your editorial of March 6, headed "It will be up to Governor Willson," I wish to endorse the editorial and offer a few suggestions. It is a foregone conclusion that by the Senatorial dicker and a trade with the whisky forces in the Senate neither the County Unit Bill nor the Redistricting Bill is to be passed at the regular session. Governor Willson has faithfully by his messages insisted upon the fulfillment of the platform pledge to give the people of the State the County Unit Bill. By trickery this bill has been defeated, but it is still in Governor Willson's power to secure the passage of the bill.

It is clear that the Redistricting Bill cannot be passed at the regular session or at a called session. If Governor Willson should call a special session and include the County Unit Bill and the Redistricting Bill, both would be defeated in the same way as they have been in the regular session. If he should include only the Redistricting Bill it would be defeated by a solid Democratic vote. If he should include only the County Unit Bill he would force upon the Democratic Senate the responsibility of deciding the fate of the bill without the excuse of hiding behind the fear of a Redistricting Bill.

As he cannot secure both and only one of the two---and that the County Unit Bill---the Governor owes it to 80 per cent. of the people of the State to use the last resort to fulfill the platform pledge or to make somebody else bear the blame of not doing it. It is clearly within his power to do this by the course above indicated. Let the friends of temperance throughout the State unite in asking the Governor to do what he has shown himself so desirous of doing---namely, to secure the passage of the County Unit Bill.

H. K. TAYLOR.

CANAL A FAILURE.

Says It Will Not Pay Expenses.

John F. Stevens, the former chief engineer of the Panama Canal, has issued a statement regarding the enterprise.

Mr. Stevens says that the canal will not help the United States in its trade with South America, as practically all of the inhabitants of the Southern continent are on the east of the Andes; that our commercial relations with the islands of the Pacific and the Far East will be little benefited. Our coal and wheat centers are inland. Their products have to be started on their way by rail. When once loaded on cars it would not be cheaper to ship to the Atlantic and then ship to the East by the way of the canal than it would be to send directly to the ports on our Pacific coast and then get on board ship. Furthermore, Mr. Stevens believes that our coal supply is fast diminishing, and that China will be the source of future coal supply. Siberia, he says, will be the wheat country of the future, with India a close second.

Mr. Stevens maintains that the Panama Canal will not meet expenses, and will cost more than is expected.

The idea of the canal being of great value to us in times of warfare, he says, is absurd. Mr. Stevens believes that it would be a far wiser plan of defense to put the money into a greater navy.

He lost his job before this was written-Editor.

TOBACCO MARKET DECLINED.

Slump Attributed to Purchases By A. T. Co.

Last week the American Tobacco Co. made its first purchase from the Equity Society. The deal was made from samples at Winchester, about 1,000,000 pounds, at 15c, the price fixed by the Equity Society.

On the Lexington market on Wednesday there was a sharp decline in prices; 146,892 pounds comprised the quantity offered, which sold for a considerably less price in the whole than has been received on this market for some time. There was a decline in the selling price of all grades offered

on the market. The poorer grades dropped from \$8.50 to an average of about \$6.25 and on the better grades the decline was even more noticeable. The drop in price may be attributed to several causes, the most likely of which is the anticipation of the American Tobacco Company of purchasing a large quantity of tobacco from the Equity, which accounts for the inactive bidding of their local purchasing agent.

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The Kidneys, like the Heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time and of money as well. If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative as a medicine. You will find it a most valuable and safe remedy. Do not let it pass you by. It is a waste of time and of money as well. Do not let it pass you by. It is a waste of time and of money as well.
